

January 24, 2017

The Honorable Tom Wolf
Governor of Pennsylvania
225 Main Capitol
Harrisburg, PA 17120

The Honorable John Wetzel
Secretary, Department of Corrections
1920 Technology Parkway
Mechanicsburg, PA 17050

Dear Governor Wolf and Secretary Wetzel:

Please find enclosed the names of 5,670 individuals who signed petitions to keep SCI Frackville open. As you can see, SCI Frackville is extremely important to our community.

When the Commonwealth began its search for new prison locations in the 1980s, our community welcomed the prison. We didn't fight it, like other communities did. We created special zoning designations and discounted the 212 acres sold to the Commonwealth at 90 percent. And now, the community is in the midst of road and water infrastructure improvements to serve the prison. That, and the 5,670 enclosed names, are proof the community still supports this facility. Do not take these family-sustaining jobs away from them.

Please also consider that the closing of nearby Hamburg State Center impacts our community. Many of the 350 people employed at this center live in our counties – meaning the total number of state jobs in jeopardy for our constituents is closer to 750 jobs. That is more than any of the other communities under consideration.

As you know from the department's facility analysis, SCI Frackville is one of the most efficient facilities in the state and is in excellent physical condition – the only one of the five that can say that for every category evaluated. The long-term costs of keeping this facility open are far lower than other facilities. Please do not sacrifice long-term savings for a short-term budget fix.

On behalf of the enclosed petitioners and of all our residents, we urge you to keep SCI Frackville open.

Sincerely,
